What will you make available through the FirstNet Developer Program?

APIs

Apps

Other resources

Are you a first responder?

Yes, I am

No, I am not

FirstNet App Inspection for Public Safety		FirstNet Verified App	FirstNet Certified™ App
Relevancy	Vetted and deemed relevant for use by first responders.	✓	✓
Security	Inspected and adheres to security practices that help protect data sources and users from intrusions and malicious attacks.	✓	✓+
Data Privacy	Inspected and uses security mechanisms designed to avoid unauthorized data access and use.	✓	✓+
Availability	Demonstrated availability of three or four 9's (99.9% or 99.99%)	99.9%	99.99%
Resource Optimization	Demonstrated that app's use of device resources and network is optimized.	✗	✓
Resiliency	Demonstrated that mechanisms are in place to enable service and data recovery after a failure.	✗	✓
Scalability	Demonstrated that mechanisms are in place to accommodate surges and other changes in demand and use.	✗	✓

FirstNet Certified category recommended apps

- Apps seeking AT&T/FirstNet partnership
- To differentiate from the competition
- Operationally critical apps needing high levels of security

Note:

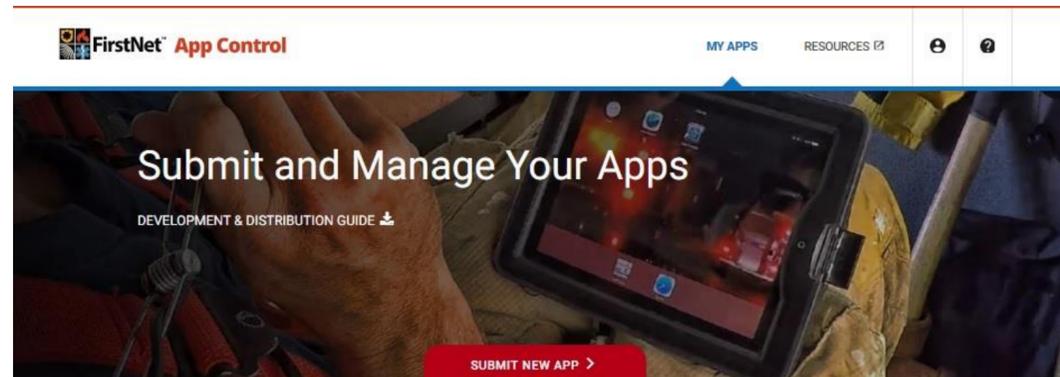

- Source code security scan report required for FirstNet Certified shall be provided by the app developer
- Security scan required for FirstNet Verified is performed by AT&T/FirstNet at no cost to the app developer
